

Modern Doll Collectors Convention® 2017  
"Fairy Tales Really Do Come True"  
Danvers MA

**Helper Room Donation/Volunteer Request**

**What is the Helper Room?**

The Helper Room is one of the most wonderful places at Convention. Why? Because you, the attendees, make it so! It is a place to see many different dolls and accessories and have a chance of owning them too. Many people come to the room just to see what they may not be able to see anywhere else! It is also an excellent way for your artistic and creative talents to be displayed along with other items from businesses and collectors alike. What could be more wonderful? No item is too small or insignificant to donate – we welcome all. Please remember, by donating items for the drawings and buying tickets, you help support this and future Modern Doll Collectors Conventions®.

Are you looking for something to do for an hour or so that is a fun way to meet new people? If so, please consider volunteering to help out in the Helper Room. Your assistance would be welcome during our set-up time and during the Convention, to watch over all of these fabulous Helpers.

Thank you!

Jean and Ron
